

LIL Tip ✨

Hi lovely! This week's LIL Tip has made trip prep so much easier for our family! Stop making new lists every time by having one good one for you and the kids, and use packing cubes to simplify and combine into one suitcase.

Our go-to travel hacks:

- Create and share a reusable packing list
- Use packing cubes to keep multiple kids' clothes separate in a single suitcase
- Roll clothes by outfit
- Buy dedicated travel essentials like toothbrushes and phone chargers to avoid the frantic day-of collection
